## 13. **Clubs & Games**

This time tabled activity continues to thrive and the children enjoy themselves as it gives them a much-needed respite from academics. This is supported by our General Knowledge, Value Education, Life Skills and Art classes.

I would like you to know that we continue to focus on academics and learning which remains at the top of our agenda. The quality curriculum that we have designed is modern and appealing in its approach and sustains the interest of our children.

May I advise you to continue to spend quality time with your child at home and go through the school diary regularly in order to support your child at school.

Worksheets and Homework are assigned regularly and you are requested to ensure your child develops a disciplined & healthy routine at home.

I thank you for your continued support.

With best wishes,
