

News Letter July 2021

Learning and growing continue to be buzzwords at Royal Oaks World School.

Our story is not just about learning inside the classroom, but outside too. Our activities are authentic, hands-on, interactive and build on classroom learning.

The purpose of our school is to prepare every student for life beyond the classroom.

The future calls for a higher demand of self awareness and more specialized skills.

Thus, in order to help advance students learning experiences, we take classroom learning outside. Every student will have the opportunity to experience real life application of theories that they are learning at school.

Here is a short summary of all the learning that has taken place last month.

1. 1st July to 8th July 2021 – Periodical Assessment 1

Academic remains of vital importance at Royal Oaks World School. We continue to emphasize on assessment of students in order to ensure academic progress.. The first Periodical Assessment was conducted smoothly and we continue classes in preparation for the Half Yearly Assessments.

2. 1st July to 8th July 2021 – Competency & Skill based Lesson Planning – Teachers

Refresher – Facilitator- Principal

Co-ordinators / Teachers attend a refresher course in order to up skill new information and stay ahead in professional development.

Macro / Micro Lesson Planning / Lesson Planning Objectives / Lesson Planning Outcomes Deriving Competency skills / Aligning 21st Century Skills / Understanding real life applications of classroom learning.

3. 9th July 2021 – Let's Master Maths (Class 1 & 2)

A week of special fun activities to keep our children's numeracy skills sharp.

4. 10th July 2021 – Together for Girls

Empowering our girls to be the best version of themselves. The session encompassed the areas of Cyber security , personal safety and responsibility.

5. 12th July to 16th July - Read Aloud Week

Reading aloud and talking about what you read encourages social - emotional learning, empathy and conversation skills, even into adulthood. The more one reads aloud – no matter the age – the deeper the connections made and the stronger the vocabulary learnt. Fluency, vocabulary and social- emotional learning is for all. At Royal Oaks we continue to follow with the graded International Fitzroy Readers that develop reading and writing skills in effective and logical steps.

6. 13th July to 16th July – Parent Teacher Meeting

At Royal Oaks, Parents and teachers share a responsibility to help children learn and meet their educational goals. Studies and educational researchers have found a connection between family involvement and academic achievement. We continue to build this strong foundation for student's success and future engagement opportunities.

7. 14th July 2021 – The Young Entrepreneur's Writing Competition

Giving children the opportunity to enrich their writing skills.

8. 17th July 2021 – English Elocution

The tradition of Elocution in English continues to flourish at Royal Oaks World School.

9. 19th July to 22nd July 2021 – Mental Maths Week

Mental Maths / Number sense isn't just for "Math Whizzes" - Quite the contrary. During Mental Maths week, we returned to the basics of it as it makes learning Math & Algebra so much easier.

10. 23rd July 2021 – Dance Class (Pre-Primary to Class 2)

We clearly understand the importance of various forms of learning. Learning the art of Dance builds more than just strength and flexibility. To the young learner, verbal language and movement are entwined. Through Dance, children develop and enhance sensory awareness, cognition and consciousness.

11. 26th & 27th July 2021 – Value Education Week

Royal Oaks continues to lay emphasis on the importance of Value Education. This is essential for personal development and helps children to define their objectives in life. The principle educational values that we touched on were Empathy, Equal Opportunities, Respect for the Environment, Care for Loved ones, Care for Health and Critical Thinking.

12. 28th to 30th July 2021 – STEM Week

The STEM education movement advocates moving away from segmented content areas, emphasizing technology to connect the subjects and relating teaching to the outside world. Here in our school, our students engage in a diverse set of projects and activities. Hands on experiences encourage our children's curiosity motivating them to want to learn and grow.

13. 28th July & 29th July 2021 – Public Speaking (Class 8 & 9)

Integrating Science and Technology with Public Speaking. Our children learn to share their thoughts and opinions with confidence.
