JULY 2023 CLASS PRE PRIMARY

Dear parents,

Learning and growing continue to be buzzwords at Royal Oaks World School.

The month of July has been no less busy with the usual focus on learning as well as emotional and mental well-being.

Our teachers carefully plan lessons to keep the classroom alive with its stories, laughter, drama, discussions and reading.

At our school we believe in the triangle of learning that includes teacher, parent and child to make learning stress free and fun.

We make every effort to ensure that our students learn to be independent.

Myself and Coloring Day

Myself

Learning about oneself is very must to be developed in pupils. To learn about this, our teachers plan this theme carefully for our students. Through game exposures, different question and answers, likes and dislikes, etc., Our students talked about themselves with their friends and teachers. This helped them to develop confidence.

Coloring Day

Coloring and drawing both help children to improve their fine motor skills. They also train the brain to focus. We always emphasize on creative thinking and overall development. With this activity our children learnt Eye-hand coordination and developed a sense of pride and achievement.

The friendly coloring day was a huge hit!

We were amazed with the talent displayed by our young Picassos.

My Sense and Yellow day

As we said we focus on overall development of our children. We took the decision of planning a sensory week-that is learning about all our five sense organs and their uses. Our children learnt about this in a very exciting and creative way. It includes listening, seeing, tasting, feeling and smelling. The children had the opportunity to engage their senses through various activities such as touching different textures, experiencing calming scents, listening to sounds and exploring vibrant colors. The colour Yellow added more fun to this day. The children enjoyed yellow themed craft activities.

Through-out the day, we saw beaming smiles and expressions of pure joy on the faces of children.

My Family (Drama)

The students of Royal Oaks World School showcased their talent, dedication and hard work through a thought provoking and heartwarming performance. The theme of the play revolved around the importance of family bonding and the power of love and the significance of cherishing precious moments together.

Family Day Celebration

Family day celebrations at Royal Oaks World School was a huge success. It was a joyous occasion filled with laughter, bonding and cherished memories that will stay with us forever. The story “We are going on a bear hunt” with music created a magic among the families. The games brought out the spirit of camaraderie among the families creating the atmosphere of excitement and fun. Creating craft work with parents was also an exciting part of the day.

My Feelings

Our students learned the importance of empathy and of supporting one another.

It was a day of self-expression, empathy and understanding as we celebrated the beautiful emotions that make us unique individuals. We encouraged children to explore and express their feelings in a safe and supporting environment. The children's art work displayed a range of emotions and it was heartwarming to witness their creativity in conveying their feelings through art.
