JUNE 2024 MIDDLE & SENIOR SCHOOL

A Special Assembly to Welcome Royal Oaks World Students

A special assembly, presented on 10 June 2024, was organized to welcome everyone back to a new term. The assembly began with a warm greeting, hoping everyone had a wonderful and relaxing vacation filled with fun, family, and friends. The session commenced with an introduction by the reader, followed by a prayer, the Pledge, and a thought for the day. All students performed a musical piece, and amazing facts about nature were shared. The assembly concluded with the school song followed by the National Anthem.

Inter-House Board Decoration Competition

On 12th June, Royal Oaks World School held an Inter-House Board Decoration competition to celebrate World Environment Day. Students and teachers from all four houses participated, each bringing unique ideas to the event.

Falcon House focused on the theme of environmental conservation.

Flemingo House centered their decoration on the message "Conserve Our Environment."

Kingfisher House highlighted the issues of land restoration and desertification.

Macaw House emphasized the importance of saving the environment.

This activity provided an excellent opportunity for students to explore their creativity, foster competition, and build team spirit.

World Environment Day E-Waste Activity

In our increasingly digital world, electronic waste, or e-waste, has become a significant environmental concern. To address this issue, students from class 8 have initiated a commendable project to reduce e-waste by setting up collection points on their school campus. This effort not only encourages their peers to responsibly dispose of old electronic devices but also raises awareness about the environmental impact of improper disposal. By engaging in this project, students are fostering a culture of sustainability and environmental consciousness, demonstrating that small actions can lead to significant positive outcomes for our planet.

Say no to single use plastic

our world is our responsibility and reusable items create less waste. Even a small move of our responsibility can make a big difference in the society. Keeping these thoughts in our mind our students spread the message of use of reusable utensils and items.

ADOPT HEALTHY LIFESTYLES

Class 9

Nature walks are an excellent way to engage students in hands-on learning about ecosystems and environmental conservation practices. By immersing themselves in nearby natural environments, students can observe firsthand the interconnection of living organisms and the delicate balance of ecosystems.

WORKSHOP AT ROYAL OAKS WORLD SCHOOL

The workshop at Royal Oaks World School, led by Surbhi Arora on 19 June 2024, focused on integrating art into various subjects through experiential learning. Participants explored creative methods such as using comic strips for storytelling in English, incorporating stories and music in math, and utilizing sticks and clay for hands-on English activities. Additionally, they learned to simplify complex science concepts through pictures. The objective was to enhance student engagement, creativity, and overall happiness in the classroom. The workshop concluded successfully, highlighting the positive impact of art integration on education.

Clubs for Students at Royal Oaks

World School

Started on 20 June 2024, Royal Oaks World School has introduced various clubs to enhance student engagement and development. The different clubs include Skill Development, Football, Cricket, Social Media, Literary Activity, and Cooking. The objective of these clubs is to provide students with opportunities to explore their interests, develop new skills, and foster a sense of community and teamwork. These clubs have been well-received, and students are actively participating, making the initiative a successful addition to the school's extracurricular offerings.

PERIODIC ASSESSMENT-1

Royal Oaks World School successfully conducted its PERIODIC ASSESSMENT-1 from June 22 to June 29, 2024. The assessment was held for students in grades 6 to 9, covering the subjects of English, Mathematics, Hindi, Science, Social Studies, Sanskrit, Computer Science, and Marathi.

MPSMUN-2024

A session was held in the school on 29th June 2024 from 11:30 to 12:10 pm for grade 6-8. This session was held by Mrs. Anvi Raman, the HoD of MPSMUN. She was accompanied by Vedhika Loni, the member of logistics department.

It was started with the introduction, how MUN started, how it works followed by different committees like: -

UNSL – United Nation Security Council.

Lok Sabha.

UNODC – United Nations Office on Drugs and Crime.

AIPPM – All India Political Parties Meet.

MLA – Maharashtra Legislative Assembly.

UNHRC – United Nations Human Right Council.

International Press (Press & Media).

There was a detailed explanation given on how these bodies work. Afterwards they conducted a doubt clearing session for the students, that went very well.
